Bag Policy

Ask yourself before you attend 'is my bag essential?'

Twickenham Stadium has a strict bag policy. It's better for everyone if you do not bring a bag at all. If you do need to bring a bag, the following is permitted: A4 or smaller.

Twickenham Stadium does not allow large bags into the venue. If you do need to bring a large bag with you, please check with the stadium or the supplied pre-event information on the bag drop facility. There is a £5 charge for use of this facility.

All bags are searched so please give yourself enough time to arrive and have this completed before entering.

An exception will be made for medically necessary items after thorough proper inspection at the search gates.

Thank you for your co-operation.

Preparing for Entry

Step by step:

1. External food and drink are not allowed into the venue. There are plenty of options inside, so please finish any pre-entry refreshments you have before joining the queues.
2. If you have a large bag, check with one of the team about the bag drop location.
3. Head to one of the gate options shown on your ticket and join one of the queues.
4. Have your phone ready if using the digital ticket app or your physical ticket.
5. Open any outer jackets and bags (smaller than A4) and remove large items. These can be placed at the search station for the staff to check.
6. You don't need to remove belts or shoes.
7. The search staff will conduct the checks and instruct you further.
8. Once cleared pass through the ticket turnstile with your ticket.
